

## ACCELERATE YOUR CAREER WITH PRINCE2® CERTIFICATION

*“There are already tens of thousands of people around the world who are fully qualified as PRINCE2 Practitioners. So extensive is its use and applicability that in the last 12 months over 25, 000 people have qualified as PRINCE2 Practitioners. Currently more than 700 people a week take a PRINCE2 exam,” extract from ByteStart.*

The market is inundated with jobseekers yet headhunters are flummoxed with the failure to find the right fitment. The case is no different with Project Managers. We have moved past the times when experience was enough for an audience with the HR, if not an offer. A veteran armed with 20 years of experience is pitted against someone who is at the start of professional leg with 5 years under the belt.

It isn't fair-play? Well, the rules of the game have changed. Experience should have to be backed up with a certification. Take it or leave it. You cannot allow in self-pity with “I have so many years to my credit.” Fine, show the credential. The most popular project management certifications are PMP®, PRINCE2®. This paper will discuss the prospects of PRINCE2® shaping up your profile as that consummate project management professional.

### **PRINCE2® IS A MAJOR PREREQUISITE FOR PROJECT MANAGEMENT**

In UK, PRINCE2® (Projects in Controlled Environments) is considered de facto standard for IT project management. PRINCE2 doesn't define project as temporary endeavor, rather as a project management method it delivers based on a business case. The progress of the project is measured and monitored through periodical review of the business case so as not to deviate from the business outcome, and thus the situation at the ground level is assessed and addressed with a greater control and clarity. PRINCE2 can be used for any kind of project cutting across culture and setting aside geographic barriers. It is an effective process method, also easy to learn and the ease of use of framework makes it more favorable with newcomers to PRINCE2®.

## **PRINCE2® HELPS THE BOARD OVERSEE PROJECT MANAGEMENT**

In PRINCE2 methodology, the decision making doesn't rest with the project manager, rather the functional and financial authority is with the senior executive. The project manager will help in managing and administering the project by directing resources on behalf of the board and primarily the reason why government sector prefer this program due to its standardized approach.
